Magnificent Monterey!

2-bedroom/2-bathroom home with many upgrades and is waiting for you to make it yours! From the moment you walk into this lovely Monterey floorplan you will immediately notice the custom work that has been done. The open kitchen has newer cabinetry, countertops, appliances, fixtures and more with a large center island that has additional storage and is great for entertaining. Spacious open living room area with additional space in the front AZ screen room. Guest bedroom with custom Murphy bed that has built-in storage space and electrical outlets, in addition to the custom office space area, perfect for a home office/hobby space. Large master bedroom with nicely sized closet and access to the backyard with a private bathroom boasting custom cabinetry, a glass enclosed tiled walk-in shower and an added closet. Double carport and nicely sized storage shed. North/South exposure.
